

## CALIFORNIA AGRICULTURAL EDUCATION

### State FFA Officer Biography and Information

Name: *Dean Hill*

FFA Chapter: *Templeton FFA*

Family: *Casie, Travis and Brent Hill*

SAE: *I raised two market hogs and created a pre-emergent herbicide solution.*

CDE/LDE Participation: *At Templeton, I competed in the Creed Speaking, Impromptu Public Speaking, Extemporaneous Public Speaking, and competed in the Parliamentary Procedure Leadership Development Event. I competed in the Livestock Judging CDE for two years.*

Favorite FFA Memories: *All the good times hanging out with the coolest people in the state. I think what I'm most grateful for from my years in FFA is the chance to build relationships and learn from people who are smarter than me and have something cool and unique to offer. I firmly believe everyone in a blue and gold jacket possesses these traits!*

Future Plans: *Next year I will be attending Cal Poly San Luis Obispo studying Agricultural Systems Management. At the moment, I hope to work in the wine industry, however that could potentially change.*

Message: *What's up California! I know this year's difficult but let's to keep our heads up and keep moving. I've seen students across the state come up with creative solutions and I'm excited to be a part of it. When I'm not wearing the blue jacket you can find me shredding some waves at the beach, playing video games with the fam, checking my fantasy football league, drinking milk, and competing in the Paqui One Chip Challenge. I'm looking forward to creating fun experiences with my peers in California FFA this year! Always Stay Frosty!*
